burn out and suicide rates among physicians and scientists in academic medicine are at an all time high and jeopardize the future of our entire profession in the last 4 years alone burn out rates among physicians have increased by 25 in a recent 2017 medscape publication burn out rates in critical care physicians ranked in 9th place and pediatricians ranked 13th among 27 subspecialties astonishingly over 50 of the participants reported burn out symptoms with clear race and gender disparities while men generally report higher burn out rates than women it is important to emphasize that response rates from women in these surveys were notoriously low and may not represent the complete picture these numbers are even more dismal for tenured academic faculty at research extensive universities in this group emotional exhaustion i e high burn out is reported at 35 with a clear association with age and lower burn out levels in the older tenured faculty while no gender or racial ethnic differences were found in this particular group higher levels of burn out were identified in individuals with financial responsibilities beyond a spouse and child while it is comforting to note the increasing public interest and research activities in this field successful approaches to ameliorate the burden and consequences of physician burn out are still inadequately developed academic centers increasingly offer some type of work life balance program to their employees but unfortunately these programs are frequently adopted from corporate business models and remain largely ineffective in the academic environment it should be evident to most administrators that the stressors of academic clinicians and scientists substantially differ from those of corporate employees based on these observations and over 75 years of combined experience in academic medicine amongst the three editors of this research topic we collected 26 manuscripts from 22 authors at different career stages and different genders ethnicities marital status and subspecialties to identify and stratify common and specific stressors and therapeutic approaches to ameliorate burn out and achieve work life balance in academic medicine we are confident that each reader will identify with at least one if not several of the authors opinions experiences and approaches to attain greater work life balance and thereby avoid the consequences of burn out in modern academic medicine

why are some companies able to generate committed long term customers while others struggle to stay afloat why do the employees of some organizations fully dedicate themselves while others punch the clock without enthusiasm by studying the ins and outs of companies that enjoy extraordinary loyalty from customers and employees john jantsch reveals the systematic path to discovering and generating genuine commitment jantsch s approach is built on three foundational planks which he calls the clarity path the culture patron and the customer promise he draws on his own experiences and shares true stories from businesses like threadless evernote and warby parker his strategies include these build your company around a purpose people commit to companies and stories that have a simple straightforward purpose understand that culture equals brand build your business as a brand that employees and customers will support lead by telling great stories you can t attract the right people or get them to commit without telling a story about why you do what you do treat your staff as your customer a healthy customer community is the natural result of a healthy internal culture serve customers you respect it s hard to have an authentic relationship with people you don t know like or trust as jantsch says have you ever encountered a business where everything felt effortless the experience was perfect and the products people and brand worked together gracefully you made an odd request it was greeted with a smile you went to try a new feature it was right where it should be you walked in sat down and felt right at home businesses that run so smoothly as to seem self managed aren t normal in fact they are terribly counterintuitive but terribly simple as it turns out as a follow up to the referral engine this is about more than just establishing leads it s about building a fully alive business that attracts customers for life
