

By Rashid Khalidi Resurrecting Empire Western Footprints And Americas Perilous Path In The Middle East 1st Edition 31605

By Rashid Khalidi Resurrecting Empire Western Footprints And Americas Perilous Path In The Middle East 1st Edition 31605 The Ghosts of Empire Americas Perilous Path in the Middle East For decades the United States has been deeply entangled in the Middle East driven by a complex mix of strategic interests geopolitical ambitions and historical baggage This entanglement has often led to disastrous consequences with the region now grappling with ongoing conflicts political instability and humanitarian crises Rashid Khalidis Resurrecting Empire Western Footprints and Americas Perilous Path in the Middle East offers a powerful and insightful critique of Americas involvement revealing the deepseated flaws and contradictions that have fueled its missteps Heres a breakdown of key themes and arguments explored in the book emphasizing their relevance to the ongoing challenges in the region I The Legacy of Empire A Historical Burden The Enduring Influence of Colonialism Khalidi argues that Americas understanding of the Middle East is deeply shaped by Western colonial legacies particularly those of Britain and France This legacy perpetuates a distorted view of the region often overlooking its rich history and diverse cultures From Cold War to War on Terror The book traces the evolution of American involvement from the Cold Wars focus on containing Soviet influence to the war on terror following the 911 attacks These shifts in focus often masked underlying strategic objectives and fueled interventions based on faulty assumptions The Illusion of Control The US has consistently sought to exert control over the regions affairs often through military interventions and the support of authoritarian regimes This approach has backfired repeatedly creating instability and fueling resentment against Western influence II Misguided Policies and Their Consequences The War on Terror and its Fallout Khalidi argues that the war on terror has been a catastrophic failure exacerbating existing tensions and fueling sectarian violence The book 2 highlights the devastating impact of US military interventions in Iraq and Afghanistan which have destabilized the region and created a breeding ground for extremism The Arab Spring and its Aftermath While initially heralded as a sign of hope the Arab Spring was met with a mixed response from the US often prioritizing stability over democratic reform The subsequent crackdown on dissent and the rise of new authoritarian regimes have further complicated the situation in the region The Limits of Diplomacy The book argues that despite US efforts to promote dialogue and peace the US has often prioritized its own interests over those of the regions people This has eroded trust and hindered genuine diplomatic progress III A Path Forward Decolonizing the Mindset Beyond the Clash of Civilizations Khalidi advocates for a shift away from the simplistic clash of civilizations narrative which often fuels prejudice and misunderstandings He emphasizes the need for a deeper

understanding of the regions complexity and its diverse cultural and political landscape Rethinking US Foreign Policy The book argues for a radical rethinking of American policy in the Middle East prioritizing diplomacy over military interventions and embracing a more inclusive and collaborative approach Supporting Local Solutions Khalidi emphasizes the importance of supporting local actors and initiatives in promoting peace and development This requires genuine respect for regional cultures political autonomy and the right of selfdetermination IV The Urgency of Change The Cost of Inaction The book underscores the growing cost of US involvement both in terms of human suffering and financial resources Khalidi argues that continued entanglement in the Middle East is unsustainable and ultimately harmful to both the US and the region A Chance for a New Beginning The book concludes with a call for a new era in US Middle East relations one based on mutual respect shared interests and a commitment to dialogue and collaboration Conclusion *Resurrecting Empire* is a timely and essential read for anyone seeking to understand the complexities of the Middle East and Americas role in it Khalidis work provides a compelling critique of US foreign policy and offers a blueprint for a more constructive and equitable approach As the region continues to face challenges Americas ability to break free from its imperial past and embrace a truly collaborative approach will be crucial for achieving lasting 3 peace and stability

begun as the united states moved its armed forces into iraq rashid khalidi s powerful and thoughtful new book examines the record of western involvement in the region

and analyzes the likely outcome of our most recent middle east incursions drawing on his encyclopedic knowledge of the political and cultural history of the entire region as well as interviews and documents khalidi paints a chilling scenario of our present situation and yet offers a tangible alternative that can help us find the path to peace rather than empire we all know that those who refuse to learn from history are doomed to repeat it sadly as khalidi reveals with clarity and surety america s leaders seem blindly committed to an ahistorical path of conflict occupation and colonial rule our current policies ignore rather than incorporate the lessons of experience american troops in iraq have seen first hand the consequences of u s led democratization in the region the israeli palestinian conflict seems intractable and u s efforts in recent years have only inflamed the situation the footprints america follows have led us into the same quagmire that swallowed our european forerunners peace and prosperity for the region are nowhere in sight this cogent and highly accessible book provides the historical and cultural perspective so vital to understanding our present situation and to finding and pursuing a more effective and just foreign policy

drawing on his encyclopedic knowledge of the region khalidi examines the record of western involvement in the middle east and analyzes the likely outcome of our most recent incursions

this volume includes historiographical surveys of american foreign relations since 1941 by some of the country s leading historians some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history others survey the literature on us relations with particular regions of the world or on the foreign policies of presidential administrations the result is a comprehensive assessment of the historical literature on us foreign policy that highlights recent developments in the field

this gripping and important book brings alive over two hundred years of humanitarian interventions freedom s battle illuminates the passionate debates between conscience and imperialism ignited by the first human rights activists in the 19th century and shows how a newly emergent free press galvanized british american and french citizens to action by exposing them to distant atrocities wildly romantic and full of bizarre enthusiasms these activists were pioneers of a new political consciousness and their legacy has much to teach us about today s human rights crises

taking a broad comparative approach to imperial experiences this volume provides an authoritative survey of the latest research into the histories of modern empires the focus is on the era of modern imperial history dating approximately from the early sixteenth century to the present such a periodization enables the volume to include the european experience of imperial expansion and settlement important historical experiences outside the west such as those of russia japan and china the collapse of european empires attendant on decolonization in the post world war ii period and the contemporary example of north america the companion is divided into three sections times spaces and themes which allows chronological geographical and thematical approaches to be successfully combined in so doing this volume provides a unique

research tool that will be invaluable to all students and scholars interested in the history of empires imperialism and colonialism in the post classical world

with essays on u s history ranging from the american revolution to the dawn of the twenty first century contested democracy illuminates struggles waged over freedom and citizenship throughout the american past guided by a commitment to democratic citizenship and responsible scholarship the contributors to this volume insist that rigorous engagement with history is essential to a vital democracy particularly amid the current erosion of human rights and civil liberties within the united states and abroad emphasizing the contradictory ways in which freedom has developed within the united states and in the exercise of american power abroad these essays probe challenges to american democracy through conflicts shaped by race slavery gender citizenship political economy immigration law empire and the idea of the nation state in this volume writers demonstrate how opposition to the expansion of democracy has shaped the american tradition as much as movements for social and political change by foregrounding those who have been marginalized in u s society as well as the powerful these historians and scholars argue for an alternative vision of american freedom that confronts the limitations failings and contradictions of u s power their work provides crucial insight into the role of the united states in this latest age of american empire and the importance of different and oppositional visions of american democracy and freedom at a time of intense disillusionment with u s politics and of increasing awareness of the costs of empire these contributors argue that responsible historical scholarship can challenge the blatant manipulation of discourses on freedom they call for careful and conscientious scholarship not only to illuminate contemporary problems but also to act as a bulwark against mythmaking in the service of cynical political ends

winner of the 2010 dartmouth medal this major five volume encyclopedia offers comprehensive coverage of all aspects of human rights theory practice law and history the set will provide situation profiles and full coverage of the development of the movement historical cases of abuse the key figures major organizations and a range of other issues in economics government religion and journalism that touch on human rights theory and practice in addition to providing original analytical articles covering standard subjects such as the right to health and health care amnesty international the balkan wars and former president of ireland mary robinson it offers innovative coverage of such subjects as the internet intellectual property rights the american civil rights movement globalization and brazil in historical context focusing primarily on developments since 1945 it offers an unrivaled reference source for students and researchers even human rights experts are likely to find much original material and keen insights in many of the entries key subject areas include organizations and institutions american civil liberties union world health organization unicef carter center leading figures adolf hitler steve biko elie wiesel simone de beauvoir joseph stalin eleanor roosevelt pol pot shirin ebadi kim jong il human rights events and crises darfur irish famine soviet gulag central america in the 1980s colonialism belgian congo aids human rights norms ethnic cleansing women s rights religious freedom torture

in dangerous intercourse tessa winkelmann examines interracial social and sexual contact between americans and filipinos in the early twentieth century via a wide range of relationships from the casual and economic to the formal and long term winkelmann argues that such intercourse was foundational not only to the colonization of the philippines but also to the longer uneven history between the two nations although some relationships between filipinos and americans served as demonstrations of us benevolence too close sexual relations also threatened social hierarchies and the so called civilizing mission for the filipino indigenous moro chinese and other local populations intercourse offered opportunities to negotiate and challenge empire though these opportunities often came at a high cost for those most vulnerable drawing on a multilingual array of primary sources dangerous intercourse highlights that sexual relationships enabled us authorities to police white and nonwhite bodies alike define racial and national boundaries and solidify colonial rule throughout the archipelago the dangerous ideas about sexuality and filipina women created and shaped by us imperialists of the early twentieth century remain at the core of contemporary american notions of the island nation and indeed of asian and asian american women more generally

examines the complex relationship between united states foreign policy and american national identity as it has changed from the post cold war period through the defining moment of 9 11 and into the 21st century starting with a discussion of notions of american identity in an historical sense the contributors go on to examine the most central issues in us foreign policy and their impact on national identity including the end of the cold war the rise of neo conservatism ideas of us empire and the influence of the war on terror the book sheds significant new light on the continuities and discontinuities in the relationship of us identity to foreign policy

in this collection arab and arab american feminists enlist their intimate experiences to challenge simplistic and long held assumptions about gender sexuality and commitments to feminism and justice centered struggles among arab communities contributors hail from multiple geographical sites spiritualities occupations sexualities class backgrounds and generations poets creative writers artists scholars and activists employ a mix of genres to express feminist issues and highlight how arab and arab american feminist perspectives simultaneously inhabit multiple overlapping and intersecting spaces within families and communities in anticolonial and antiracist struggles in debates over spirituality and the divine within radical feminist and queer spaces in academia and on the street and among each other contributors explore themes as diverse as the intersections between gender sexuality orientalism racism islamophobia and zionism and the restoration of arab jews to arab american histories this book asks how members of diasporic communities navigate their sense of belonging when the country in which they live wages wars in the lands of their ancestors arab and arab american feminisms opens up new possibilities for placing grounded arab and arab american feminist perspectives at the center of gender studies middle east studies american studies and ethnic studies

for sixty years u s government officials have conducted public diplomacy programs to try to reach arab public opinion to inform educate and understand arab attitudes american public affairs officers have met serious challenges in the past but arab public criticism of the united states has reached unprecedented levels since september 11 2001 polls show that much of the negative opinion of the united states especially in the middle east can be traced to dissatisfaction with u s foreign policy rugh a retired career foreign service officer who twice served as ambassador to countries in the region explains how u s government officials have dealt with key problem issues over the years and he recommends ways that public diplomacy can better support and enhance u s national interests in the middle east this struggle for the hearts and minds of the arab world so crucial to the success of american efforts in post occupation iraq is carried out through broadcasting cultural contacts and educational and professional exchanges rugh describes the difference between public diplomacy and propaganda he points out that public diplomacy uses open means of communication and is truthful its four main components are explaining u s foreign policy to foreign publics presenting them with a fair and balanced picture of american society culture and institutions promoting mutual understanding and advising u s policy makers on foreign attitudes public diplomacy supports the traditional diplomatic functions of official business between governments whereas diplomats from the united states deal with diplomats of foreign governments public affairs officers deal with opinion leaders such as media editors reporters academics student leaders and prominent intellectuals and cultural personalities rugh provides an up close and personal look at how public affairs officers do their jobs how they used innovation in their efforts to meet the challenges of the past and how they continue to do so in the post september 11 era
